### Debra Slaps Texas

... At 100 MPH

Freeport, Tex. (UPI)—Hurricane Debra hit Freeport Friday night with winds unofficially reported as high as 100 miles an hour. The center of the tempest rolled up the coast toward the island city of Galveston, Tex.

Unconfirmed reports reached Freeport police headquarters that the shrimp trawler Rosina was sinking in the Gulf of Mexico with 3 persons on board.

A mother and her daughter were reported stranded on Quintana Beach, 3 miles from Freeport. Police said they had not been able to find them.

The wind knocked out Freeport's electric power, blew automobiles from the streets, damaged roofs and shattered plate glass windows.

#### 100 MPH

An emergency radio network reported winds up to 100 miles an hour. The wind was lessening but at last report was still 75-85 miles an hour and a heavy rain was falling.

The wind rose steadily at Galveston, 45 miles up the coast from Freeport. It hit 70 miles an hour in Galveston and electrical power was failing and windows were collapsing.

At least 350 persons took shelter in a civil defense shelter at Galveston. Officials used civil defense vehicles, mail wagons and even a dog catcher's wagon to haul people to the shelter from exposed sections.

A hurricane in September, 1900, killed 5,000-8,000 persons at Galveston. An elaborate seawall system now protects the city from tidal waves such as the one that took most of the lives in 1900.

### ROAD CAVE-IN KILLS ORD MAN

Ord, Neb. (P)—A road cave-in Friday took the life of Fred Skala, 47, Ord, while he was operating a dirt moving machine. The accident was on a country road 5 miles north-east of Ord.

Skala was a Valley County employee. His machine toppled into a ditch when the road caved in. His head was crushed when he was trapped in the cab. He was alone and the accident was not discovered until Joseph Bonne reached the scene on his way home from work in town.

### Your City-County Health Dept. Says:

Adults up to 50, as well as children, need to be immunized against polio.

### The Weather

NEBRASKA: Widely scattered thunderstorms in the western portion of the state Saturday; generally fair throughout the state, with no important temperature changes; highs in the 90s.

# Russ Haul 30 Books Out Of U.S. Exhibit Library

## They Object To World Almanac

Moscow (P)—Soviet officials hauled about 30 books out of the American exhibition library Friday. They ranged from the World Almanac to a new U.S. history.

The Russians notified U.S. Ambassador Llewellyn Thompson in a note that "the Soviet government will take measures" unless certain books were removed.

Harold McClellan, the fair's director, said he talked with Soviet officials and told them that although he felt there were no objectionable books in the collection, he was willing, in a spirit of mutual agreement, to remove any books the Russians considered objectionable.

Weeks ago American officials of the exhibition eliminated about 200 of the 8,500 volumes scheduled to be shown, but the Russians were not happy about what was left.

Friday morning a 3-man crew of Russians showed up and went through the book exhibit, removing more works only hours before the exhibition opened.

Out went such books as "Tyranny of Words" by Stuart Chase; "Great Ages and Ideas of the Jewish People" by Leo Schwartz; "Faith and Freedom" by Barbara Ward; "A United Nations Peace Force" by William R. Frye; "The Tides of Crisis" by A. A. Bailie; "India and America" by Talbot and Poplai; "A New History of the United States" by William Miller; "Systems and Processes in International Relations" by Morton Kaplan; and "Main Street Russia" by Irvin Levine.

Earlier attempts to report the removal of the books from the U.S. exhibit were interrupted by censorship of telephone calls from Moscow to London. First efforts to complete the dispatch, including names of some of the books involved, brought this response from the Associated Press staff in Moscow: "Can't get anything out past censors on phone."

Subsequently, however, the followup story was cleared by telephone from Moscow to London.

## Hectic Finish

Moscow (P)—With a hectic, last-minute rush, the American national exhibition was opened on schedule Friday night—although the ceremony was overshadowed by conversations and give-and-take between Richard M. Nixon and Nikita S. Khrushchev.

The American vice president snipped a ribbon and the Stars and Stripes were raised to inaugurate the 9-acre exhibition.

Workmen were still on the grounds putting finishing touches on projects designed to give the Russia people a close look at the American way of life.

## One Ruble Charge

The displays in Moscow's Sokolniki Park will be open to the Russian public for a one ruble (25 cents at the official rate) admission charge. Visitors attending the formal opening Friday night saw Nixon and the Soviet premier wander through the displays of automobiles, dolls, swimsuits and to the model American home.

The \$14,000 home, described as one within the financial reach of the average American worker, has drawn some critical comment. Some quarters have argued it is too fancy to be considered representative.

Three families of Americans—one from the city, one from the suburbs, and one representing show business—will be on display in the home at regular periods daily.

## Kasper Begins Term

Tallahassee, Fla. (P)—Racial agitator John Kasper checked into Tallahassee to begin serving a 6 month sentence for interfering with integration at Clinton, Tenn., high school.

## A VIADUCT EMERGES

Construction work is underway on a viaduct that will lead to the Interstate Highway near the West Lincoln city limits off Cornhusker Highway. Pilings are made of pre-stressed concrete and tower about 40 feet into the air. (Star Photo.)

## NPPS BATTLE ERUPTS

(Continued from Page 1.) power customers as required by their contracts.

At Columbus, Consumers General Manager Ray L. Schacht said the rural's action Friday was "new to me," and that he would have "no comment" on the matter at this time.

## Received Copy

He said Consumers had received from NPPS a copy of the rate schedule proposed to become effective Sept. 1.

"We have analyzed the rates generally," Schacht said, "and have made certain suggestions regarding them."

The proposed rates, he said, are "based largely on a study of a year ago."

Consumers believe the rates, which would be in effect from Sept. 1, 1959 through Dec. 31, 1962, "should be based on the best information today and the best possible estimate of what is going to happen in the next 40 months rather than on information of a year ago," he stated.

Schacht said he did not know how much change this would bring to the proposed rate schedule, but that it would result in "substantial changes in some items."

Consumers has not yet signed a new contract with NPPS, he said, but "we expect to give it intensive study in the next two weeks to get it buttoned up before Sept. 1."

## Out-Of-State Building, Loan Shares Taxed

The attorney general ruled Friday that shares of federal building and loan associations issued by an association in another state but owned by a Nebraskan are taxable in this state.

The opinion said the shares can be taxed as ordinary Class B intangibles which are stocks and bonds. If the association is doing business in this state, the opinion said, the method of taxing shares of building and loans association is the same as it is for Nebraska building and loan associations.

## Curtis Claims Outside Force Against Him

... 'Labor Bosses'

Washington (P)—Sen. Carl T. Curtis said Friday forces from outside Nebraska will send men and money into the state in an effort to defeat him in next year's election.

"This is the price I will have to pay for serving on the Senate Labor Rackets Committee," Curtis said. "I am convinced that the work of this committee has been good for the workers of America, organized and unorganized, but the labor bosses who have been exposed will attempt a purge."

"To me, this is an invitation to work harder, organize more thoroughly and campaign more vigorously. I expect to leave no stone unturned in taking my message to the people of Nebraska because I am convinced my actions have been in accord with the wishes of the vast majority."

## 'A Hard Fight'

Curtis said he never underestimates his opposition and always plans a "hard fight in a campaign."

Curtis' remarks followed a statement by Charles Thone, newly-elected state GOP chairman. Thone said it is apparent that Teamsters President James R. Hoffa "now is going to try to buy a Hoffa Congress."

Thone took note of a report by Hoffa that the Teamsters planned to raise a multi-million-dollar fund for use in the 1960 election campaign.

"This is the union," Thone said, "that the AFL-CIO kicked out in 1957 on grounds of corruption. The working-man needs unions, honest unions. Hoffa and his type of national labor leader are a national disgrace, through pro-union and spoils system they are decidedly anti-work."

## WRITER THOMPSON HAS HEART ATTACK

Randolph, Vt. (P)—Columnist Dorothy Thompson, 65, former wife of the late Sinclair Lewis, was stricken with a heart attack at her summer home in Barnard, Vt.

Her doctor described the attack as "light."

## Franchise Value Cut \$1 Million

For Telephone, Pipeline, Gas

The State Board of Equalization Friday granted telephone companies, pipelines and gas companies doing business in Nebraska a reduction in their franchise value which will knock about \$1 million off their total franchise value this year, compared with 1958.

The Board voted to use the same formula as last year in determining the franchise value of the utilities, but voted to assess the franchise value at 35%, rather than the 50% figure used last year.

The tax commissioner's office had not completed the valuations on all such properties in the state by Friday's Board meeting, but on the basis of those figured (about 92%) the total 1959 franchise value is \$8,391,023.

Under the 35% assessment figure adopted by the Board, the various companies will pay taxes on \$2,932,608 this year, compared with the \$3,791,916 upon which taxes were paid last year.

\$4,195,505

Had the Board adopted the same 50% assessment figure this year as last, the companies would have paid taxes on \$4,195,505 this year.

Under the assessment schedule adopted by the Board, telephone companies in the state will pay franchise taxes on these amounts (figures in parentheses represent 1958 figures): Lincoln Telephone & Telegraph \$428,160 (\$629,679); Northwestern Bell \$1,104,268 (\$1,387,018); American Telephone & Telegraph \$303,285 (\$320,825); United \$46,680 (\$52,855); and General Telephone \$53,765 (\$76,809).

Central Electric & Gas Co. will pay taxes on \$62,355 (\$114,685); Northern Natural Gas will pay on \$295,750 (\$426,130); and Kansas-Nebraska Natural Gas Co. will pay on \$171,625 (\$217,745) among the gas companies.

Included among pipeline companies assessments listed by the tax commissioner are: Great Lakes Pipeline Co. which will pay taxes on \$79,370 (\$87,125) and Platte Pipeline Co., \$97,490 (\$139,930).

## Union Official Gets 5 Years

St. Louis (P)—The international vice president of the Brotherhood of Electrical Workers was sentenced to 5 years in prison and fined a total of \$20,000 Friday for evading \$22,691 in federal income taxes.

A request for probation for 58-year-old Frank W. Jacobs Sr., was denied by U.S. District Court Judge George H. Moore, who passed sentence.

Jacobs was convicted by a jury April 30 of filing false income tax returns in 1951 and 1952.

## Bids Opened For Post Office At Terrytown

Gering, Neb. (P)—Bidding has been opened here for establishment of a Terrytown branch of the Gering Post Office.

The contractor is to furnish quarters, equipment, heat, light and clerical assistance. He must furnish bond in an amount not less than \$3,000.

The contract will be for the remainder of a 3-year period ending June 30, 1962, and will be renewable at the option of the Post Office Department.

Terry Carpenter, founder of Terrytown, said the post office would not provide delivery service, which will continue to be handled by the Gering Post Office.

## Terry Rips Franchise Value Cuts

... Blasts Herrington

Scottsbluff, Neb. (P)—State Sen. Terry Carpenter of Scottsbluff claimed Friday that State Tax Commissioner Fred Herrington is "fighting a delaying action against tax equalization" and ought to be fired.

Carpenter commented after the State Board of Equalization cut the assessment rate for the franchises held by utility companies in Nebraska from 50% to 35% of market value.

The board is using the same formula as last year to determine the market value.

Carpenter said the formula was "dreamed up" by the State Tax Assessors Assn., and permits 40% depreciation before the assessing of the valuation.

Carpenter said assessors as a group have no authority to set up this formula, and the state tax commissioner does have authority to apply proper formulas for the assessment.

## Uncle Sam Gets Bingo Win Slice

If you win at bingo, you must pay federal income tax on the winnings, according to John McCarthy, chief of the Omaha Internal Revenue Service's intelligence division.

However, if you lose money on the game, that can't be deducted, McCarthy said, "because there would be no way of checking on the amount of the loss."

Organizations sponsoring bingo games do not have to purchase a federal gambling stamp or pay a tax on their profits.

"To get a bingo permit, an organization must be certified as non-profit organization for the last 5 years, according to the Nebraska law," McCarthy said. "There is no government tax on the earnings of non-profit organizations."

"And sponsoring groups don't have to buy a stamp because the winners are there when the results are announced," McCarthy added.

## KHRUSHCHEV, NIXON TANGLE IN MOSCOW

(Continued from Page 1.)

and nuclear weapons—that "are better than yours." Nixon said the United States has good weapons too.

Words and tempers exploded on such issues as the Geneva conference and ultimatums in international relations. At times Khrushchev grew red of face and wagged a finger under Nixon's nose.

The unexpected debate erupted as the two toured the grounds of the exhibition a few hours before Nixon formally opened the fair Friday night.

There were such remarks as these:

Khrushchev: "We too are giants. If you want to threaten we will answer threat with threat."

Nixon: "The moment we place either one of these powerful nations, through the ultimatum, in a position where it has no choice but accept dictation or fight, then you are playing with the most destructive power in the world."

## Bases Stressed

Khrushchev: "The one who is for putting an end to bases on foreign lands is for peace. The one who is against this is for war."

Nixon: "I don't believe the cause of peace is helped by your reiterating . . . that you have more strength than we have, because that is a threat too."

In the end, both apologized. Khrushchev remarked that "it is very bad that we quarrel over peace and war" and left the grounds as bouncy as ever.

Later Khrushchev entertained Nixon at luncheon in the Kremlin and they had another disputatious discussion. They had met for the first time Friday morning in Khrushchev's Kremlin office.

In a sense, the debate was resumed when Khrushchev and Nixon spoke at the formal opening of the exhibition Friday night.

## Nixon Is Firm

Nixon returned firmly to the question of ultimatums, which had aroused Khrushchev's ire, in his speech before a select audience of Russians and Americans.

"No nation in the world today is strong enough to issue

an ultimatum to another without running the risk of self destruction," the vice president told his audience.

Answering questions raised in the Soviet press about unemployment, strikes and racial discrimination, Nixon said the United States, as the world's largest capitalist country, has come closest to the ideal of prosperity for all in a classless society.

Soviet broadcasts to the United States are not jammed and the United States does not attempt to force its form of government on anyone, the vice president declared.

## FCC Orders Long-Distance Rates Be Cut

Washington (UPI)—The Federal Communications Commission Friday ordered a reluctant Bell Telephone System to cut its rates on long-distance telephone calls by about \$50 million annually. The FCC said the reduced

Merle M. Hale, vice president of the Lincoln Telephone and Telegraph Co., said Friday that he "had no idea yet how this will affect Lincolntel." Hale said that he had not had an opportunity to study the FCC order.

rates will become effective about mid-September of this year and will apply to calls of more than 300 miles in distance.

F. R. Kappel, president of the American Telephone and Telegraph Co., which owns the Bell system, promptly issued a statement asserting that A.T.&T. was being penalized "because it has good research and good management."

## U.S. FIRES PROTEST TO REDS

... Raps MIG Attack

Washington (P)—The U.S. Friday night accused Red China and North Korea of "attempted murder over the high seas" in the June 16 attack by MIG jets on a U.S. Navy patrol plane.

Washington demanded that "the persons responsible for this barbarous and unprovoked attack" over the Sea of Japan be punished, and that the Communists act immediately to prevent any such incidents in the future.

The protest was handled through the UN armistice machinery in Korea. The U.S. does not maintain diplomatic relations with either Communist China or North Korea.

## Flights Continue

"You may be certain that the United Nations command will continue to exercise its right to conduct flights over international waters," the Reds were told.

A State Department press officer said the stiffly worded U.S. protest had been given to Maj. Gen. William S. Biddle, senior UN commander on the military armistice commission in Korea, to present to the Red China-North Korea side at a specially called meeting at Panmunjon.

## COMEDIAN, KING TEE UP AS TEAM

Brussels, Belgium (UPI)—Comedian Bob Hope and King Baudouin of Belgium teamed up Friday at the Treurelberg Royal Golf Course in a match against Belgian amateur champion Jackie Moerman and Pardee Erdmen.

Hope and the king received a royal licking, caddies said. But Hope claimed he and his partner "slaughtered" them.

# City Library Proposed Book-Purchase Budget Hiked 20%

By Virgil Falloon  
Lincoln's proposed city libraries budget of \$229,520 provides for a 20% increase in purchases of books, periodicals and films during 1959-60, but no change in the current level of personnel services and operations.

Director Charles Dalrymple said there is every indication that the people want more library service. With the completion of the new Bethany branch, Dalrymple said there was an 80% increase in book demand in that area.

He reported 11,500 new books were purchased during 1958-59 or about one-half of the number desirable for a city of Lincoln's size. The proposed budget would provide \$36,000 for new books or \$6,000 more than last year. The overall request of \$229,520 for library operations is \$483 under last year.

Included in the budget is \$5,000 for air conditioning and asphalt at the new Bethany Branch. Last year, the city budgeted \$12,500 toward its construction.

Dalrymple urged that the Council give serious consideration for a new main library estimated at \$1.1 million. The proposal has been stricken from the city's proposed capital improvements program for 1959-60.

If services equal to the city's demands are to be provided, a new main library must be constructed, he said. In connection with the special Library Fund, which administers private donations

and bequests, Dalrymple noted that some interest has been expressed for a Belmont community library.

He said a citizens group there has indicated a willingness to help establish funds for part of the cost. Other tax-support budgets

considered by the Council without changes being made.

Sanitary landfill, proposed budget of \$62,053 compared with last year's \$59,450. The new budget includes \$27,000 for the purchase of a new dragline to replace an 11-year-old machine.

Storm sewer maintenance, proposed budget of \$28,875 compared with last year's \$23,110. The increase includes \$3,000 for labor to speed up catch basin reconstruction and snow removal from the downtown business district.

## City Engineer Would Hike Salary Levels \$40-\$90

The new salary schedule, proposed by City Engineer Carl Fisher for professional and non-professional engineering members of his department, would boost current maximums by \$40 to \$90.

In City Council budget hearings, Fisher requested \$25-a-month boost in present wages paid staff members and a new schedule of salary maximums. The exception was \$50 more for the deputy engineer.

In addition to Fisher, the department has 4 professional and 6 non-professional members. He has also requested that two more professional engineers be authorized.

Breakdown of the proposed new salary range compared with the current schedule on a monthly basis:

|                            | Proposed Range | Current Range | Pay Salary |
|----------------------------|----------------|---------------|------------|
| Professional Engineers     |                |               |            |
| Grade V                    | \$760-\$835    | \$750-\$825   | \$762.50   |
| Grade IV                   | \$605-\$680    | \$595-\$670   | \$607.50   |
| Grade III                  | \$455-\$530    | \$445-\$520   | \$457.50   |
| Grade II                   | \$305-\$380    | \$295-\$370   | \$310.00   |
| Grade I                    | \$155-\$230    | \$145-\$220   | \$160.00   |
| Sub-Professional Engineers |                |               |            |
| Grade S                    | \$500-\$545    | \$490-\$535   | \$517.50   |
| Grade D                    | \$445-\$490    | \$435-\$480   | \$467.50   |
| Grade C                    | \$390-\$435    | \$380-\$425   | \$407.50   |
| Grade B                    | \$335-\$380    | \$325-\$370   | \$357.50   |
| Grade A                    | \$275-\$320    | \$265-\$310   | \$297.50   |

Fisher estimated that the proposed pay boost would add \$4,050 a year to the current payroll, but most of the cost would be charged to current

project work and wouldn't come directly from tax funds.

"We are anxious to build up a staff able to do all the city engineering work if given the resources," Fisher said. But it is almost impossible to secure engineers and also retain the present staff on our present salary scale."

If authorized two more professional engineers, the city would be willing and able to undertake all its planning and engineering work.

Because of lack of personnel, Fisher said the city has used the services of consulting engineering firms on many many projects, such as storm sewers.

The city for example, paid some \$148,000 for consulting engineering on the recent \$3 million storm sewer program," he told the Council. "We would have done the same work for about half of this amount if we had a complete staff."

## COMPLAINT FILED IN SHOOTING

... Greenwood Incident

A Greenwood woman who previously had told authorities that her boy friend shot her accidentally signed a complaint Friday charging him with "assault with intent to kill, wound or maim."

Miss Betty A. Card, 38, was wounded in the shoulder July 8 by a .12 gauge shotgun blast on a county road west of Greenwood, just inside the Lancaster County line.

She had told authorities the next day that her companion, George R. Stewart, shot her accidentally as he was putting the shotgun into the car's front seat.

Stewart, 30, also of Greenwood, had also claimed the shooting was an accident. He had brought Miss Card into Lincoln for hospital treatment following the incident.

Stewart was arrested in Greenwood Friday by deputy sheriffs and taken to the County Jail. He probably will be arraigned on the assault charge Saturday.

## Couple Injured In 2-Car Crash

Ralph D. Stouffer, 59, of 1218 E. and his wife, Millie, also 59, were being held overnight for observation at a local hospital with injuries received in a two-car crash at 44th and D Friday.

Mrs. Stouffer suffered a fractured hand and multiple bruises and Stouffer suffered pulled back muscles and bruises.

Their car was in collision with another driven by Mrs. Marcelle V. Sherman, 48, of 1249 South 44th. Mrs. Sherman and her daughter, Roe Jean Sherman, were treated for injuries and released from St. Elizabeth Hospital where the Stouffers were hospitalized.

Police said the Stouffer car was westbound on D and the Sherman car northbound on 44th when the accident occurred.

Mrs. Sherman and her daughter could not be removed from their car pinned underneath the Stouffer vehicle until the latter was lifted clear.

Damage to each car was estimated at \$600.

## Students, Guardsmen Battle—4 Are Killed

Managua, Nicaragua (AP)—Four youths were killed and 38 persons were wounded in a fight between university students and national guardsmen in Leon, 45 miles northwest of Managua.

A government statement said the students began the fight by firing at a guardsman.

## STREETLIGHTS—\$35,000 ASKED, MILLION DOLLARS NEEDED

Public Works Director D. L. Erickson said needed modernization of Lincoln's street lighting system would cost \$1 million.

He described the \$35,000 proposed for new construction during 1959-60 as a "very modest request" in City Council budget hearings.

"The street lighting on our arterials is a disgrace," Erickson said. "It would take \$1 million to do the job."

Erickson agreed with Councilman Hugh Thorne that the city should begin a long-range program to modernize its street lights.

Arterial streets tagged by Erickson as needing modern overhead lighting were Randolph, South, Vine, 13th, 27th, 33rd and 48th.

Further And Further Erickson noted the city is probably getting further and further behind on this need every year.

The proposed budget of \$123,120 is \$6,442 more than appropriated last year with the increase coming for operations and maintenance.

The new construction pro-

gram of \$35,000 proposes:

—\$15,000 for new overhead street lights. Last year \$15,500 was budgeted and a backlog of \$3,500 was carried over. Seventy-three new lights were installed during 1958-59 with 15 petitions still pending.

—\$5,500 for lighting No. 10th from Oak to Court with 6,000 lumen lamps. It is described as a needed safety item for this arterial to the central business district.

—\$4,000 for extending primary circuit on Vine from 45th to 60th to serve the street lighting in the Bethany area.

—\$2,000 to provide power supply to new ornamental light districts; \$3,000 for reconstruction of existing street lights, and \$2,500 for replacement of the underground cable in the Piedmont district.

Electrical Engineer W. L. Binney noted the construction budget does not include any money for lighting arterial street improvements, such as the extension westward of the K and L one-way pair from 16th.

## Fact Established That 'Ned' Prucha Perished In Fire

Mr. and Mrs. Norman Prucha received word Friday that it has been definitely established that their son, Norman "Ned" Jr., 18, earlier reported missing and presumed dead, was one of 25 who perished in a Stalheim, Norway resort hotel fire June 23.

Ned, his mother and sister, Claire, were vacationing at the resort at the time of the fire. Mrs. Prucha and Claire escaped from the burning frame building by a rope hanging from a 2nd floor window. Mrs. Prucha suffered cuts, scrapes and bruises, while Claire received a broken leg.

Ned's room was on the 3rd floor in a different wing.

Ned was graduated from Lincoln High School in 1958 and attended Graceland College, Lamoni, Ia. last year. He would have entered the University of Nebraska this fall.

The Pruchas returned to Lincoln this week.

## Weekly Polio Toll Up 50%

Washington (AP)—A 50% increase in the number of paralytic polio cases last week was reported Friday by the Public Health Service. The total rose to a 1959 weekly high of 166, compared with 110 the previous week.

Altogether, 257 polio cases were reported by the states during the week ended July 18, an increase from 178 polio cases during the week ended July 11.

## Federal Official To Discuss Care For Aged Board

A federal official will confer with Gov. Ralph Brooks Tuesday on a federal grant to set up a Nebraska commission on care for the aged, the governor's office reported Friday.

The official is James W. Doarn, of Kansas City, regional director of the U.S. Department of Health, Education and Welfare.

The proposed grant for the purpose, which could be as much as \$15,000 without state matching funds, is being available to all states.

Gov. Brooks has been informed by the Nebraska Medical Assn. that it is willing to cooperate in a study of problems of the aged in Nebraska. Findings would be reported to the 1961 White House conference on care for the aged.

## KILL BAG WORMS

With one Spray—easy as watering

ISOTOX is Powerful Positive Potent

A Famous ORTHO Product.

Right Now—Right Here in Lincoln—Bag Worms have become a serious, destructive pest. Look for them, mostly on evergreens—small bags which are now about the size of a kernel of corn and which get larger as they feed on your trees and shrubs.

ISOTOX is available at the GARDEN CENTER in 3 sizes—\$1.19, \$2.98 and \$5.49

When applied with a Hose Attach Sprayer (49c to \$9.95) the job is done Easily, Efficiently and Economically!

## Our Retired Military Men

By WILLIAM O. DOBLER

There is something in a part of the testimony of one retired Air Force officer which invites a little serious thought. It was testimony given by retired Lt. Gen. Clarence S. Irvine, former Air Force deputy chief of staff, before a House committee investigating alleged influence by former military personnel in the awarding of defense contracts.

Gen. Irvine said retired military personnel employed by defense industries could "possibly" influence the awarding of government contracts but that it was "highly improbable." No former officer, he said, ever attempted to influence him while he was in the military. "And if they had," he firmly added, "I would have thrown them out on their ear." Does all of this mean the general is making too light of a serious situation? In the eyes of some, perhaps it does but it just might happen that the general is a very honest man.

It is possible that dishonesty is just so far from the nature of the man that he finds it hard to tolerate even the thought of it. And herein lies one of the more unfortunate aspects of this question of ethics and morality in public office. We find, all too often, too strong an urge for mass classification.

If we find a taint of dishonesty within an organization or a department of government, it is assumed that every facet of the same is steeped in corruption. What we so often seem to fail to realize is that for every dishonest man in the world, there are probably a hundred of the other breed.

No doubt there have been retired military men who have sought to pressure their former branch of the service into giving its business to the civilian firm with which these men have become associated. But how many times have such efforts failed and how many men are known to be of such character that they would never be approached with such a suggestion?

Retired military personnel have an important role to play in the defense of the nation. As civilians, they can be of great

assistance to those firms which must do the work required for an adequate defense program. Certainly, these firms make a good profit and the retired military men make a good salary. But it does not seem proper to automatically assume that this salary is being paid just for influence peddling rather than ability.

Naturally, the retired military men know their way around when it comes to seeking every possible advantage for a firm. But is this any different from any other business activity? What firm seeking a big order from another would send to its prospective buyer the least known of its employees? Rather, it would send, if at all possible, a man who could enter the office of the president of the buying firm, shake his hand and call him by his first name.

This doesn't come under the heading of undue influence. It does come under the heading of aggressive and intelligent business practices. A very valuable source of manpower for the nation would be lost if we jumped to the conclusion that every military man who retires and enters a defense industry is a crook.

This would be no more logical than assuming a retired teacher to be a crook because he enters the school supply business. This doesn't mean that the exertion of influence in the awarding of military contracts does not exist. It is possible, as Gen. Irvine said, but just about anything is possible. Where such influence does exist, it should be stamped out with vigor and that should be the end of it. Mink coats never made the entire Truman administration dishonest nor did vicuna coats do the same for the Eisenhower administration, despite the fact that too many people believe otherwise.

It would still seem to be of sound judgment to assume until proven otherwise that a man is honest and making every effort to perform to the best of his ability. When it gets to be the other way, as in isolated areas it has, the world will not be a very pleasant place in which to live.

### Stamping Out Influence

## As One Would Expect

The national wheat referendum went as predicted. Eighty-four per cent of the wheat growers chose federal acreage controls and the higher support price. This fills out the picture for 1960 production.

It wasn't much of a choice. In Nebraska it amounted to limiting production to approximately 3,181,945 acres at a price support of \$1.77 a bushel. The alternative permitted about the same number of acres at a support price somewhere around \$1.18 a bushel.

Despite the obvious cash benefits of federal controls Nebraska neither voted heavily nor carried for the controls as strongly as the national average. Nebraska gave approval by 73.8 per cent. But this could have been due to the diversity of interest in Nebraska. Restricted production is more deadly to the one-crop western wheat farm-

er than to the multi-crop operator in the eastern area.

But in the larger aspect the referendum was mute evidence that critical agricultural questions are hanging motionless in the air. After seven years the Eisenhower-Benson program seems to have nothing new to offer. Its vigorous and painful venture into lower price supports only resulted in more cost, more surpluses, more rural hardship and poorer market prices. On the other hand a Democratic controlled congress has manifested little resourcefulness. It taxes human credulity to expect the Congress to venture forth with its version of farm relief in the prospect of having it administered by an agricultural department ideologically opposed to its very essence.

It was a cheerless referendum for the man at the business end of the plow.

## Who Runs The Power Show?

In the answer to the question asked in the title of this article lies the real significance of Nebraska's latest public power dispute. This is the dispute in which 26 rural public power districts are taking a stand against wholesale rates sought to be imposed upon them by the Nebraska Public Power System.

These are rates which three members of the six-member NPPS board of managers claim would raise rates to the rurals by some 10 per cent. They are rates which the managers claim have been given no supporting evidence from their author, Dewey J. DeBoer, NPPS executive director — evidence required by contract.

They are, thirdly, rates which the managers are urging that the rurals refuse to accept until DeBoer has submitted evidence by way of a cost-of-service figures to support them. And they are rates which the rurals have informally said they will not pay until the figures requested by the managers have been submitted.

The obvious question to all of this is who is running the Nebraska Public Power Dis-

trict, DeBoer or the board of managers. Here is a paid director embarking upon a completely new rate schedule without even submitting it to the board charged with certain responsibilities in these matters. Evidently, the new rate schedule was submitted to the boards of directors of the Loup River Public Power District and the Platte Valley Public Power and Irrigation District, the two organizations which make up NPPS.

But this would seem to be only a part of the procedure called for. Whether the rates as proposed by NPPS are fair or not can be settled by an examination of the facts called for by the NPPS managers. But the vital issue is whether or not one man is to be permitted the autocratic authority over such an essential ingredient as power, as has been charged in this case.

Secondly, the issue points up again the folly of the three-headed form known as NPPS. Actually, it is a five-headed thing welded into one giant, composed of Loup, Platte, the rurals, Consumers Public Power District and its municipal customers. It is unfortunate that this state can find no way of untangling this mess.

In the middle of June had set a record high of 67,300,000. In the face of these and similar data it is difficult to escape the impression that at the peak this year more Americans enjoyed more economic well-being than ever before in our history.

All this, of course, should not blind us to the fact that there are still unsolved problems. Those who were unemployed during the first half of 1959—fortunately a much diminished though still by no means insignificant number—can take little solace from the good fortune of the bulk of their neighbors. The duration of the current steel strike is unpredictable, but already its spreading impact is raising unemployment, reducing the national income and otherwise affecting unhappily millions who are not direct parties to the dispute. In agriculture, warnings are being issued about the possibility of ruinously low hog prices as the result of the impetus to pork production given by the relation between corn and hog prices.

Amid the general prosperity, however, it is doubtful that many will agree with the distinguished panel of economists that declared last Sunday that our economy "is a rudderless ship drifting on what is at the moment a rising tide of economic activity; without a firm policy we will descend again into the trough of economic stagnation and retrogression." Nevertheless, this warning is useful as a reminder that historically the economic tides of our nation have had both ebb and flow. That realization should discourage any tendency toward complacency which might otherwise be encouraged by the glittering gains of the last six months.

"It Seems To Be Kind Of A Favorite Theme"

## Nixon Playing His Biggest Long Shot

WASHINGTON — Political cross-currents can blow public figures into strange places. And the most ironic twist of fate today is to see Mr. Richard Nixon, who a few short years ago was handing out subpoenas to Communists to appear before his Un-American Activities Committee, now in Moscow trying to patch up a peace with the Communists.

However, the Kremlin moves in strange ways, and it might just happen that young Mr. Nixon could come home with accomplishment. Certainly he's not unaware of the stakes.

That was one reason he prepared so carefully for his mission to Moscow. He proposed to Secretary of State Herter that he take up with Khrushchev the whole question of the Berlin stalemate and try to break it. He took up with Eisenhower the idea of extending to Khrushchev an invitation to visit the United States.

Eisenhower turned him down. He didn't like the idea of inviting the No. 1 man of the Kremlin to Washington at a time when his foreign minister was giving the West such a rough time at Geneva. Ike's negative attitude, leaking back to Moscow, may have been why Khrushchev remarked that he was puzzled about the aim of Nixon's visit.

Herter, on the other hand, gave Nixon the green light to do anything he could to change Khrushchev and get

## A THOUGHT FOR THE SABBATH

### Stories Of Famous Hymns

#### Light Of Light, Enlighten Me

Light of light, enlighten me,  
Now anew the day is dawning;  
Sun of grace, the shadows flee,  
Brighten Thou my Sabbath morning;  
With Thy joyous sunshine blest,  
Happy is my day of rest.

Let me with my heart today,  
Holy, holy, holy, singing,  
Rapt awhile from earth away,  
All my soul to Thee upspringing,  
Have a foretaste, only given,  
How they worship Thee in Heaven.

Hence all care, all vanity!  
For the day to God is holy;  
Come, Thou glorious Majesty,  
Deign to fill this temple lowly;  
Naught today my soul shall move,  
Simply resting in Thy love.

Some hymns owe their popularity to great messages. Others soared to fame on the wings of exquisite song.

Benjamin Schmolck's "Light Of Light, Enlighten Me" had both beautiful words and music to carry it to the heights of public favor. Its tune is a chorale written by the great German musical genius, Johann Sebastian Bach.

The world was preparing to welcome the eighteenth century when Benjamin, a young German lad who had been attending school in London, came home one day to his pastor-father's home at Brauchitzdorf, Silesia. He was invited to speak from his father's pulpit on the Sunday following his arrival, and he accepted.

Benjamin's sermon made his father both happy and proud. He decided that the boy must study for the ministry and he arranged for his son's enrollment at the University of Leipzig.

In 1697, Benjamin was ordained and became assistant to his father in the Brauchitzdorf church. Five years later, he began a ministry of his own in the Friedenskirche at Schweidnitz, Silesia.

## Your Four Cents Worth

Brevity in letters is requested, but length in itself will have no bearing on publication. Writers are advised that needless detail and repetitions matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name, but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials only at the editor's discretion.

### Small Increases

Hastings, Neb.

Walter Gabriel holds that Terry Carpenter would be a formidable candidate in the Republican primary if he would cease championing a retail sales tax. Evidently Mr. Gabriel doesn't like that kind of a tax. There are a whole lot of folks who don't like it any more than he does.

Here we are, upping salaries of the white-collared office-holding class sitting in swivel chairs at the State Capitol at a time when 17,000 old folks on assistance rolls have had only a \$3 hike during the last six or seven years. The statement recently issued from the head of the Department of Welfare stated there are fewer old folks on assistance now than formerly, but that they are getting more! That is correct, but the \$1.40 added to their checks now came direct, without matching, from the federal government. It therefore doesn't come from any good grace of the state of Nebraska.

Consider \$1,500 to \$3,000 hikes to the white-collared gentry and no hikes to 17,000 old folks! What a picture of moral degeneracy at the hands of a Republican state legislature! And the Republican state chairman thinks his party will sweep the state! He'll think better than that before election day.

CECIL E. MATTHEWS

### A Friendly Place

Lincoln, Neb.

When I came to Lincoln in 1949, my 1936 Oldsmobile had friends in Lincoln. I had none. By now, after 10 years residence in Nebraska, it would be difficult to say who has more friends, the car or I.

My husband, Herbert, and I met in Lincoln and were married here. Our two boys were born here and have added a lot of fun to our lives. Needless to say, all four — or better, five, including the Oldsmobile — are fond of this great mid-western state.

During this last month, Nebraska has become even more meaningful to us. Here in Nebraska freedom of speech was granted to a handful of people from all over the U. S. A. who gathered in vigil at the Mead ICBM launching site. Altogether 15 — 13 men and two women — read their statements on the hillside at Mead before engaging in "civil disobedience" with prison ahead of them.

Marjorie Swann from Trevo, Pa., though, had a special message. She spoke as a mother of four children, as a Christian pacifist, with the full moral support of her husband, Robert Swann, who says:

"Certainly mothers have every reason and every

right to join in this cause which is the cause of the human race."

Nebraska has seen other great women before Marjorie Swann, who knew what hardship and sacrifice meant, pioneers who probably were not understood or were laughed at by their former communities in Europe which they had left behind in the search for freedom.

DIETLINDE VON KUENSSBERG JEHL

### On 'Updating'

Lincoln, Neb.

We note by a recent letter in The Star that L. E. Aylsworth is disturbed because the Legislature did not permit the people to vote on calling a constitutional convention. He wants the present state constitution "updated." We commend Mr. Aylsworth for his defense of government by popular vote. However, there is much to commend in the decision of the conservative senators.

Perhaps they have discovered that a vote does not necessarily represent the will of the people. Their negative decision may have been influenced by what happened to the Lincoln charter last spring. Somebody wanted our charter updated. A charter committee was formed, and its members worked faithfully over a period of several years. Interested citizens on the outside had little chance to know what was being done. When we asked for copies, we were advised that revision was still going on, and no copies of the proposed amendments were available.

Finally, an open meeting at the City Hall was announced. The Council chamber was well filled; but few of the visitors got any chance to participate. Somewhere along the line, the charter committee had picked up a couple of "experts," expertly occupied the time (until

nearly 11:00 o'clock) expounding "our philosophy of government." Not one mention did we hear of what the people wanted, nor of what would be good for Lincoln.

The completed revision was long and hard to understand, but it was made available only 20 days before the election. Having neither time nor opportunity to get informed, the voters simply stayed away from the polls.

Most people do not know—perhaps our elected officials do not know—that charter revisions and updating constitutions is one of the clever ways by which Communists gain control of government. Given the opportunity, they remove self-determination from the people and confer dictatorial powers upon a few.

Now the city-county merger is going forward in the same swift, quiet manner, disregarding all protests. And this is being done even though merging of city and county governments is the first of four steps by which the Communists propose to take over the United States government in 1973.

All honor to the 26 senators who held back the calling of a constitutional convention. Let us re-elect every one of them who pledges himself to safeguard government of, for, and by the people.

## A Warm July Evening On Ice

Keeping cool on ice Friday evening were the members of the Lincoln Figure Skating Club and their guests who concluded their summer series of "figure eights" and "spins" at a party and program at Pershing Auditorium.

The club, of which Mel

Carr is president, has been meeting three times a week during the summer months and will resume their regular meetings in the fall.

Demonstrating how easy the whole thing really is are (from left to right) Patricia Vandersarl, age 8, Mark Medley, age 9, Miss Judy Rudolf, and Mel Carr.

## Tours Shinto Shrines

EDITOR'S NOTE—In another letter to The Lincoln Star, Mrs. William H. Haselbrook continues her description of the U.S. club women's tour of Japan.

A trip to Japan would not be complete without a visit to the many impressive Shinto Shrines and Buddhist Temples.

We were fortunate to see one of the gay and colorful wedding processions at the Kiyomizu Temple. The bride, ornate in the traditional costume with elaborate hair-do and chalk-white face, kept her eyes lowered in keeping with the theory that she must be shy and reserved, obeying the will and advice of her family. The bright red building presented a striking effect as a background for the wedding party.

Meiji Shrine is dedicated to a former Emperor and is one of the most recently constructed. It is centrally located in Tokyo but is surrounded by a thick grove of trees donated by believers throughout the country.

Chion-in Temple is one of

the largest temples in Japan, covering more than 36 acres. The present buildings were constructed in the 1600s. Its two-story gate, built in 1619, is considered the most imposing of all temple gates. Passing under its arch, one is supposed to be "purified" and free to observe the ritual of the worship service.

The Great Buddha, a colossal image of Vairocana, is located in the Todaiji Temple, built in the eighth century. This bronze statue weighing over 500 metric tons is situated in the largest wooden hall in the world. The image is in the act of preaching a sermon, and peace and calm radiates from his face as well as reverence, depicted by his upraised hand. The building is open on four sides with deep overhanging eaves. The dust that accumulates on the statue is regarded as sacred, and residue of the once-every-four-year's cleaning is buried with a significant service.

## The Star In Suburbia

### PARK MANOR

July seems to be a month of birthdays at the Kenneth Popp home. On Thursday Miss Julie Rhea Popp celebrated her second birthday anniversary at a swimming party and dessert at Hillcrest Country Club.

Included among Julie's guests were Leslie Rau, Patti Place, Carol Cohen and Bonnie, Roxanne and Leah Bathurst.

Last Saturday evening, Mrs. Popp honored her husband at a surprise birthday celebration at their home.

Turning to the abundant news of the bassinet set this morning we learn that Mr. and Mrs. Julio Camoriano are the proud parents of a son, Kirk Peter, who was born at Bryan Memorial Hospital on Monday, July 13. Kirk has one brother, John.

His paternal grandmother

is Mrs. Guido Camoriano of Caracas, Venezuela, and Mr. and Mrs. George Kelly of Logan, Ia., are the maternal grandparents. Incidentally, Mr. and Mrs. Kelly are expected to pay a call on their new grandson this week end.

In farewell courtesy to Mrs. James Mann, the members of her suburban bridge club honored her on Thursday at a coffee at the Officers Club.

Thirty invitations were issued for the informal affair, and during the morning a one-gift show was presented to Mrs. Mann by the bridge club members.

Capt. and Mrs. Mann will make their new home in Dayton, Ohio.

### KIMBALLCREST

A very young newcomer in the suburb is Mark David Kats, son of Mr. and Mrs. Harold Kats. Mark, who arrived at St. Elizabeth Hos-

pital on Saturday, July 11, has two brothers, Billy and Paul.

His paternal grandparents, Mr. and Mrs. Cornelius Kats of Holland, were in Lincoln recently for a short visit. Mr. and Mrs. William Wieskamp of Lincoln are the maternal grandparents.

### HUSKERVILLE

Talcum powder news in Huskerville tells us of the arrival of Nila Kay Hoffart, daughter of Mr. and Mrs. Duane Hoffart. Nila arrived July 8th at Bryan Memorial Hospital. The grandparents are Mr. and Mrs. John Hoffart of Creighton and Mr. and Mrs. W. O. Poundstone of Los Angeles, Calif. Mrs. Hoffart was Jane Poundstone.

Still more stork news in Huskerville. Daniel John Kassen, son of Mr. and Mrs. Charles Kassen, was born Thursday morning at St. Elizabeth Hospital. The Kassens have two other children, Charles, 3, and Anne, 2. The paternal grandparents are Mr. and Mrs. Charles S. Kassen of Ord and the maternal grandparents are Mr. and Mrs. John Vybiral of Wahoo. Mrs. Kassen was the former Shirley Vybiral.

News of still another new baby in Huskerville. David Scott Mahan, son of A. I. C. and Mrs. Audie Mahan, made his entrance into the world on Saturday at St. Elizabeth Hospital. Anxious to meet David Scott are his sister, Sheryl Lynn, 1, his paternal grandparents, Mr. and Mrs. S. E. Evans of Mt. Vernon, Ia., and his maternal grandparents, Mr. and Mrs. Ray Scaggs of Lincoln. Mrs. Mahan was formerly Donna Scaggs.

## We Hear That

Mr. and Mrs. Verlin Boldry of North Platte are the parents of a daughter, Stacia Dawn, who was born on Monday, July 20. The couple have another daughter, Christine Marie. Mr. and Mrs. Glen Witt of Lincoln are the maternal grandparents, and the paternal grandparents are Mr. and Mrs. Dean Boldry of Aurora. Both Mr. and Mrs. Boldry will be remembered as former students at Nebraska Wesleyan University where Mrs. Boldry is a member of Alpha Gamma Delta sorority.

## Had Chapel Wedding

MRS. LEENDERT KERSTEN

Pale pink candles burning in branched candelabra, and bouquets of red roses formed the background in the chapel of St. Paul Methodist Church, Tuesday, July 21, for the wedding of Miss Marilyn Ruth Kroeller, daughter of Mr. and Mrs. Harry Paul Kroeller, and Leendert Kersten, son of Mrs. Alida Kersten. In the presence of 150 guests, Dr. Frank Court read the lines of the 8:30 o'clock service.

The matron of honor and the bride's only attendant was Mrs. Thomas Loutzenheiser of Hastings who wore a full-skirted frock of pink organza fashioned in the cotillion length. Her head bandeau of miniature roses was veiled with illusion, and

she carried a bouquet of pink roses.

Paulus Kersten served his brother as best man, and seating the guests were Thomas Loutzenheiser of Hastings, and Stanley Paul Gushard.

For her wedding, the bride chose a gown of brocaded silk taffeta in traditional white. Alencon lace traced with seed pearls and iridescent sequins framed the portrait neckline of the short-sleeved bodice, and the bell skirt flared into hemline width and ended in a whisper train. A pillbox cap of silk held her illusion veil, and she carried a crescent of roses shading from blush pink to deep red.

Upon returning from a wedding trip to Sun Valley, Idaho, and Yellowstone Park, Wyo., the couple will reside at 1505 S. The bride is a graduate of the University of Nebraska and the university's School of Nursing in Omaha. Mr. Kersten is a member of the faculty of the University of Nebraska College of Engineering of which he is a graduate.

## Patio Party Honors Birthday

When Mr. and Mrs. Guy Johnson entertained at a patio barbecue party on Thursday evening at their home the party was in celebration of the birthday anniversary of Mrs. Larry Johns.

Out of town guests at the festivities were Mrs. Johns'

brother-in-law and sister, Mr. and Mrs. Verne Griffiths of Columbus, Ga., formerly of Lincoln; and Mrs. Naomi Hoffman of Anaticoke, Pa., who is the house guest of her son and daughter-in-law, Mr. and Mrs. John Hoffman.

In the picture, left to right:

Mr. Griffiths, Mr. and Mrs. Johns, Mrs. Griffiths, Mrs. E. J. Ruppert, Mrs. Johnson, Mr. Ruppert, Mrs. Margaret Uhrich and Mrs. Naomi Hoffman.

Standing: Mr. Johnson, Mrs. John Hoffman and Mr. Hoffman.

# Once 'His' In Hats, Now 'Hers'

What's "HIS" in hats now is "HERS."

The new crop of women's hats includes direct steals from the men—the Derby, Bowler, Homburg, and Fedora. Slouch and swag hats are mannish. There even are Cossack hats and Chechias—adaptations of the cylindrical Arab cap worn by Russian peasants and shown in fall collections in high, soft shapes in fur.

Many collections include Shapkas—a Russian term for a man's cap or hat, which covers a variety of shapes, including the Cossack.

The mannish styles stress feminine details—soft, supple crowns, varied brim treatments, jewels, furs, and veils. There are Fedoras with floppy, eye-shadowing brims; and slouches, high-crowned cloches and swag hats with a Garbo look. These styles go with tie-belted wrap coats, coachmen's coats, and the longer belted jackets of suits and dress-and-jacket costumes.

Three of the most popular hat styles for fall are the Chechia (at left) fashioned by Paris milliner Abouy of black duck feathers with a diamond horseshoe looped around a sprig of diamond flowers; the glorified Top Hat (center) from the Svend-Jacques Heim Paris collection of caramel colored satin with black nose veil edged in black grosgrain and featuring a diamond thistle clip; and the Touque (right) created by Balmain in a deep beige tulle with a looped diamond ribbon brooch, fastened by a beige satin bow.

Fur is more important than ever. Mink heads the list, but there also are long-

haired furs like lynx and fox. Colored nutria, leopard, broadtail, persian lamb, chin-

chilla, sable, hair seal, badger, hamster, fisher and river otter also are popular.

The fur look is so prominent that moderate-priced manufacturers have turned to fox and mink for small hats. Fabrics are made to look

like fur, such as brushed felt simulating mink, seal-like velours and napped beaver materials. Even feathers are clipped and shaped to look like fur.

Nearly all silhouettes are shown in fur. Walter Florell did a group of mink Shapkas. One slouch hat, which Florell called a "bachlorette," came in cerulean and white mink, faced with pearl grey felt and banded with white mink.

There was so much fur shown in milliner Irene's collection that a spectator remarked, "Why, it's a pet shop!"

Because of the extreme shapes and extensive use of fur, trimming is simple—grosgrain or satin bands, feathers, veils, and tiny jeweled pins which add a feminine touch to mannish hats and highlight tall toques,

Chechias and turbans.

Veils range from cage types to "shadow veils" shown by Mr. John. They extend to the shoulder and fill in necklines of collarless suits and coats.

Colors are soft and misty—beiges, white, taupe, grey, violet, blue, turquoise and pink. Two and three colors often are combined.

Most late-day and evening hats are feminine small, and generously sprinkled with jewels. Silhouettes include snoods, berets, peaked caps, pill boxes, tulle domes, and head-hugging cloches. Also for evening are velvet bands with sprays of flowers or feathers that stick straight up. Fabrics are lush—metallic brocades, velvet, silk jacquards, satin and silk faille.

Dear Abby . . .

Your Husband Is Wrong!

Abigail Van Buren

DEAR ABBY: A neighbor of ours is caring for a sweet little old lady who is a semi-invalid. This old lady is a close relative (and I'm not saying how close because I don't want anyone to recognize the case) to a person who is high up in show business. This famous person in show business sends \$3000 every month for the care of this old lady. She is not getting that care. I've gone over there at night and found her all alone in the house, sleeping in a chair. If a fire broke out she wouldn't have a chance. I've walked in and seen her eating cold cream of wheat for her supper. My husband says I should mind my own business. What would you do?

NEIGHBOR  
DEAR NEIGHBOR: I would send a registered letter marked "URGENT AND CONFIDENTIAL" to the person paying for her care. I'd state the facts and sign my name.

DEAR ABBY: When a man marries a girl who is fresh out of college, he doesn't expect her to be the world's greatest cook and housekeeper. But how much brains does a woman need to know that she shouldn't stargaze her husband's underwear?

JUST MARRIED  
DEAR JUST: That's a pretty stiff question. Give her time.

DEAR ABBY: Can you please tell me why my husband has to have pictures of naked girls hanging up all over the place? He's got naked girls on the walls of our bedroom, hallways and on all the closet doors. The garage looks like the outside of a girlie show. I am ashamed when somebody sees them. He is 35. We have a married daughter and a son who is still home. Now our son does the same thing. Tell me, is my husband sick or something?

MRS. E.  
DEAR MRS. E.: If your husband suddenly started this childish business, per-

West Coast Visitor

Arriving by plane on Thursday was Mrs. Mabel Hof of Torrance, Calif., who is visiting in Lincoln at the home of her son and daughter-in-law, Mr. and Mrs. Claud Hof.

Also recent guests of the Hof's were Mr. Hof's brother and sister-in-law, Mr. and Mrs. Harold Hof of Corona, Calif., who were in Lincoln last week end en route home from Watertown, S.D., where they visited other family members.

happens he is sick and ought to see a doctor. If he has always been this way, he is simply immature.

DEAR ABBY: I am the mother of a teen-aged daughter who is going steady with a young man in his twenties. He is from a broken home and doesn't have a very good reputation. He doesn't take her out very often. They spend their time at our home, which is better than elsewhere.

He doesn't show much respect for us. Do I have a right to ask him to leave at a certain time? He has stayed as late as 3:30 A. M.

MRS. S.  
DEAR MRS. S.: You not only have a RIGHT to tell him when to leave—you have an OBLIGATION. A teen-aged girl who is permitted to keep steady company with a young man of questionable reputation (and who doesn't show much respect to the girl's parents) needs more guidance than you are giving her.

DEAR ABBY: I am a widow with children. I have found so much consolation in going to Church, but now I find myself in love with my Pastor. I enjoy every minute I am near him. Neither the pastor nor his wife (she is a lovely person) knows how I feel and I

Celebrate  
Birthday

Celebrating their fourth birthday July 18 were Sandra and Susan Wassenmiller, twin daughters of Mr. and Mrs. H. E. Wassenmiller. Arriving from New York City for the occasion were their uncle and aunt, Mr. and Mrs. Melvin G. Luce.

## Fireballer Halts Bucs On 4-Hitter

Milwaukee (AP) — Milwaukee fireballer Juan Pizarro struck out 12 and surrendered only 4 hits in blanking Pittsburgh 8-0 here Friday night during his second straight shutout over the Pirates.

The 22-year-old southpaw, who blanked the Pirates on two hits and 11 strikeouts earlier this month, again was a complete master in pitching the staggering Braves to their second triumph in their last 10 games.

Pizarro boosted his strike-out total for the year to 87 in 79 1-3 innings by getting every player in the Pittsburgh batting order at least once. He struck out the side in the 5th inning and he retired two batters by the same route in the 3rd, 4th and 8th innings.

The Braves wasted no time in jumping on Pittsburgh southpaw Harvey Haddix, who hurled 12 perfect innings before losing a 1-0 decision in the 13th to the Braves in his last appearance in Milwaukee May 26.

First baseman Joe Adcock, who ruined that pitching masterpiece with a clout over the fence which resulted in a rule-book double because of running miscues, sent the Braves out to a 2-0 lead in the first inning by blasting his 10th homer of the year with Billy Bruton on base.

## Lincoln's Spangler To Semis In Broadmoor

Lincoln Star Special  
Colorado Springs, Colo. — Dick Spangler Jr., Nebraska's reigning amateur champion, moved into the championship semifinals to pace the advance of a trio of Lincolinites in the Broadmoor Invitational golf tournament here Friday.

Spangler eliminated Wendell Long of Oklahoma City, Okla., 4 and 3, to join Ed Hopkins of Abilene, Tex., Buzz Garvin of Denver and Fred Brown of Los Angeles in today's semifinals.

The 29-year-old Lincoln law-

yer wasted no time moving ahead of Long, who was in trouble throughout the match. Spangler, who was the tournament's runnerup in 1953 but has not competed since, will meet Brown—the 1956 champion—in the semifinals.

Other Lincolinites still in contention are Don Pegler Sr., who gained the seniors' championship consolation final and Walter White, who will play for the seniors' third flight title.

Pegler will meet Dees McDermott of Waco, Tex., while White's foe is Eric Stainton of New Cannon, Conn. Both matches will be played today.

Another Lincoln player, Don Pegler Jr., was eliminated by Frank Gardner in the tourney's third flight Friday while Ed O'Shea Sr. was knocked out by Stainton—White's opponent today—in the seniors' third flight.

Bill Mowbray, Bob Lau, C. W. D. Kinsey and Phil Sidles, the remainder of the Lincoln contingent in the meet, either failed to qualify or were knocked out in early matches.

Richard Evan Ashburn Makes Debut

This is the 3-day-old son of the Philadelphia Phillies' Richie Ashburn, cradled in the arms of his mother and making his camera debut in a Philadelphia hospital. The boy is the first son of Richie and his wife, and his name is Richard Evan Ashburn. Also in the family of the native Tilden, Nebraskan are 4 daughters.

## Giants Dump Cubs By 6-5

San Francisco (AP)—Jimmy Davenport's two out single in the 10th inning gave San Francisco a 6-5 victory over Chicago and boosted the Giants' National League lead to 2½ games over Los Angeles.

The Giants' Sam Jones, the 4th San Francisco hurler in the see-saw battle, came on in the 9th to receive credit for his 14th victory. Don Elston was the Chicago loser.

A crowd of 22,685 saw the Giants come from behind to tie at 5-5 in the 8th. Pinch hitters Leon Wagner and Willie Mays singled. Wagner scored on Jackie Brandt's line single to right.

Elston struck out the side in the 9th. Then Landrith walked to open the 10th and reached second on Danny O'Connell's sacrifice. Mays, who had not started because of a stiff neck, was walked intentionally and Brandt struck out. Davenport lined the winning hit over shortstop.

The Cubs lost their star shortstop Ernie Banks who was spiked on the left great toe in the first inning. It was not known whether he would play today.

## Standard Reliance Gets 17-4 Victory

Gene Smith belted a 3-run homer and Prairie Maid made 9 errors to give Standard Reliance an easy 17-4 Elks League victory Friday night.

Smith's homer came in a 5-run 4th, but Standard Reliance had already sewed things up by scoring 7 times in the bottom of the first.

Prairie Maid ..... 000 04- 4-5-9  
Standard Reliance ..... 7-12 5-17 9-1  
McCoy, Lindholm (1), Smith (4) and Carver; Munford and Benz.

Los Angeles (AP)—Held to 3 hits through 7 innings, the St. Louis Cardinals chased Johnny Podres with 4 singles in the 8th here Friday night and defeated Los Angeles 2-1.

Podres, who hasn't won a game since he beat Pittsburgh June 26, surrendered consecutive singles to Don Blasingame, Alex Gammas and Bill White after one out in the 8th.

White's single scored Blasingame with the first run, and Gino Cimoli drove in Grammas with another single following an infield out.

Righthander Ernie Broglio, pulled for a pinch hitter with the Cards trailing 1-0 at the start of the 8th, picked up his 5th victory in 11 decisions. He struck out 6 and walked 4.

# Golfers, Weather Torrid As City Semis Reached

## McCuistion Ousts Voyles; Stroh Shoots 6-Under 66

By Don Bryant

The golfers matched the weather Friday as the Men's City Tournament progressed to the semi-finals in rousing fashion at Hillcrest Country Club.

While the corn-ripening sun beat down on the sprawling HCC layout, 3 home players made their way to the semis today—Mick McCuistion, who dumped medalist Valley Voyles 1 up on 19; Ralph (White) Reed, who ripped Dr. Tom Dworak 6 and 5; and Stan Stroh, who overcame some excellent shooting by Phil Breitfelder with a brilliant round to gain a 4 and 3 decision.

Matt Taber, a Lincoln Country Club product, toppled Gary Gruenemeier, 5 and 3, for a semi-final spot against McCuistion.

The torrid July sun takes on added importance today as the rugged part of the tourney grind begins—36 hole semifinals and 36-hole finals Sunday. Old Sol may become the equalizer.

Showing utter disregard for the steaming 95-degree temperature Friday was Stan Stroh, who stamped himself as a sturdy title contender with a blazing 6-under par game to oust Breitfelder.

Stroh picked a good time to warm up since Breitfelder was just about as hot, winding up with a 3-under match score. Stroh finished out the

## Don Mossi Tames NY

Detroit (AP) — Don Mossi, the southpaw half of the Detroit Tigers' Yankee-killing pitching duo, tamed the New Yorkers on 6 hits here Friday night as the Tigers captured a 4-2 victory before a packed Briggs Stadium throng of 50,161.

A 9th-inning home run by Elston Howard with a mate aboard spoiled Mossi's shut-out bid.

The stylish ex-relief specialist has defeated the Yankees in all 5 starts against this season and over a two-season span he holds 7 consecutive decisions.

Righthander Frank Lary of the Tigers has a 3-0 mark against them and owns the best lifetime mark of any active pitcher against the New York club.

Mossi, who has yielded only 6 earned runs in 5 complete games against New York, did not allow a runner past second base until the 9th inning. Detroit captured the opening game of the 3-game series and crept to within one game of 4th place.

## City Softball

King's 8, Don & Ken's 3; Del Gould Meats 9, American Stores 8; Bob King's 5, No. 2 First National Bank 3; Belmont 12, 4th Presby. 9; Duffy's 9, Toy Castle 8; Gene's Body Shop 5, Calvinists 3; Sperry TV 10, Gas company 9.

Optimist mark is 14-7 while Gerry's record is 8-10.

Optimist leaders include Ron Peet (.393) in batting and Keith Sieck (5-3) and Mel Hester (3-0) in pitching. Bill Haas (.357 and 5 home runs), Dennie Puelz (.341), Jack Griffin (.339) and Hester (.316) are also over .300 in hitting.

Harvey Singer (.311) paces a weak-sticking Gerry's crew with Mickey McGuire (.290) next best. McGuire's 5-2 record leads Gerry's pitchers.

Both coaches—Bob Lohrberg of the Optimists and Marion Hicks of Gerry's—are confident their teams can make it to the area meet which starts Aug. 2 and the

round with a 66—best at Hillcrest this year—while Breitfelder carded a fine 69.

Stan went 1 up on the front 9 with birds on No. 1, 4 and 5 for a 33 while his opponent birdied No. 1 and No. 6 for a 34. Stroh sewed up the win with birds on 11, 12 and 15.

Toughest match of the day saw McCuistion rally on No. 18 with a match-tying birdie. Voyles won No. 13 to take a 1 up lead.

After Voyles' tee shot on 19 whistled down the middle some 275 yards, the LAFB officer looked like a cinch winner. But his second shot bounced over the green and he had to come back and 2-putted for a par.

McCuistion Recovers

McCuistion recovered from a tee shot into the deep rough on the right side with a second shot that wound up pin high on the apron. He 2-putted for a bird and the victory.

Reed, two-time champion, continued his sub-par shooting to drop Dworak and land a spot against Stroh today. He fired a front-side 35 to get 5 up at the turn, then birdied No. 12 and halved 13 for the clincher. White was 2 under for the match.

LCC entry Taber matched Stroh's front side performance

## RESULTS FRIDAY

CHAMPIONSHIP FLIGHT  
Upper Bracket  
Mike McCuistion def. Valley Voyles, 1 up on 19; Matt Taber def. Gary Gruenemeier, 5 and 3.

Lower Bracket  
Ralph (White) Reed def. Dr. Tom Dworak, 6 and 5; Stan Stroh def. Phil Breitfelder, 4 and 3.  
FIRST FLIGHT  
Vern Strachan def. Jim Swanson, 3 and 2; Glen King def. Ed Meisenholder, 7 and 6; Paul Austin def. Pat Murphy, 2 and 1; Glen Gruenemeier def. Bob McCuistion, 4 and 3.

SECOND FLIGHT  
John Wagner def. Bob Jones, 4 and 1; Percy Mays def. Tom Heintzel, 3 and 2.

THIRD FLIGHT  
Dick Beechner def. Jerry Stevens, 2 and 1; Rolie Bailey def. Bu Gossop, 3 and 4.

FOURTH FLIGHT  
Low Morris def. Clancy Woolman, 6 and 5; Harold Demaree def. Doc Mayo, 1 up.

FIFTH FLIGHT  
Lou Ottemar def. Ken Delp, 2 and 1; Lou Ottemar def. Jerry Solomon, 3 and 4.

SIXTH FLIGHT  
Charles Taylor def. Paul Lange by default; Jim Demmer def. George Stevens, 4 and 3.

SEVENTH FLIGHT  
Duane Nelson def. Bud Imlay, 2 and 1; Bruce Allacher def. A. T. Hinds, 1 up.

EIGHTH FLIGHT  
Bob Stewart def. Joe Johnson Jr., 1 up; Bob Lane def. Fred Stout, 2 and 1.

## PAIRINGS TODAY

CHAMPIONSHIP FLIGHT  
Upper Bracket—(36 holes)—8:30 a.m. and 1:30 p.m.—Mick McCuistion vs. Matt Taber.

Lower Bracket—(36 holes)—8:40 a.m. and 1:40 p.m.—Ralph (White) Reed vs. Stan Stroh.

FIRST FLIGHT  
Semi-Finals  
9 a.m.—Strach vs. King; 9:07 a.m.—Austin vs. Gruenemeier vs. McCuistion.

SECOND FLIGHT  
Finals  
9:15 a.m. John Wagner vs. Percy Mays.

THIRD FLIGHT  
Finals  
9:22 a.m. — Dick Beechner vs. Rolie Bailey.

FOURTH FLIGHT  
Finals  
9:30 a.m.—Low Morris vs. Harold Demaree.

FIFTH FLIGHT  
Finals  
9:37 a.m.—Jim Haberman vs. Lou Ottemar.

SIXTH FLIGHT  
Finals  
9:45 a.m.—Charles Taylor vs. Jim Demmer.

SEVENTH FLIGHT  
Finals  
9:52 a.m. — Duane Nelson vs. Bruce Allacher.

EIGHTH FLIGHT  
Finals  
10:00 a.m.—Bob Stewart vs. Bob Lane.

City Softball  
King's 8, Don & Ken's 3; Del Gould Meats 9, American Stores 8; Bob King's 5, No. 2 First National Bank 3; Belmont 12, 4th Presby. 9; Duffy's 9, Toy Castle 8; Gene's Body Shop 5, Calvinists 3; Sperry TV 10, Gas company 9.

Optimist mark is 14-7 while Gerry's record is 8-10.

Optimist leaders include Ron Peet (.393) in batting and Keith Sieck (5-3) and Mel Hester (3-0) in pitching. Bill Haas (.357 and 5 home runs), Dennie Puelz (.341), Jack Griffin (.339) and Hester (.316) are also over .300 in hitting.

Harvey Singer (.311) paces a weak-sticking Gerry's crew with Mickey McGuire (.290) next best. McGuire's 5-2 record leads Gerry's pitchers.

Both coaches—Bob Lohrberg of the Optimists and Marion Hicks of Gerry's—are confident their teams can make it to the area meet which starts Aug. 2 and the

with a sizzling 3-under 33 and wound up 4-under par for the 14-hole match with Gruenemeier. Matt opened with an Eagle on No. 1, birdied No. 2 and No. 7 to put an early strangle hold on Gruenemeier.

First-flight swingers will see 18-hole semifinal action today, while the lower flights will determine champions.

## Pinch Homer Wrecks Bid Of Jay Hook

Cincinnati (AP)—Carl Sawatski's pinch-homer ruined the home debut of young Jay Hook here Friday night and handed Philadelphia's Phils a 2-1 9th-inning victory over Cincinnati's Reds.

It took the combined relief pitching of Taylor Phillips and Ray Semproch to clinch it for the Philadelphians.

In the Reds' last bid Frank Robinson and Jim Pendleton singled off Phillips with one out. That brought in Semproch, who fanned pinch-hitter Whitey Lockman and got Willie Jones on an easy infield putout.

Hook had a 5-hit shutout going and, after walking Gene Freese, had disposed of the next two Phils' batters in the 9th.

Neither side had scored until Eddie Kasko, second string Cincinnati shortstop, banged an 8th inning homer.

# 'Complete Conservation 100-Year Job'

By Ellis Rall  
United Press International

Although Nebraska is one of the leading conservation states in the nation, it will take at least a century at present rates to completely treat all the land.

Warren Fairchild, secretary to the State Water and Soil Conservation Committee, also estimated that complete conservation treatment of the numerous watersheds in the state would take several times longer than to complete land treatment.

For several years now Nebraska has been the leading

conservation contracts between local landowners and the federal government.

To enter such a contract, a landowner agrees to place every acre under conservation within a given period and then the federal government will share the cost.

**Above National Average**  
Another indication that Nebraska is setting the pace in conservation, Fairchild said, is the fact that 70 to 75% of the agricultural conservation service's cost sharing conservation program in Nebraska is allocated for permanent type conservation measures. This is far above the national average, he said.

But despite Nebraska's favorable comparison with other states, Fairchild said, "the state is still sadly lacking in getting the job done."

"At the present rate it will take about 100 years to get complete land treatment and complete watershed treatment will take at least 1,000 years," he said.

Completion of work in the first watershed in the state will be observed July 29. That is the Dry Creek Watershed in Red Willow and Frontier Counties.

Three other pilot watersheds are nearing completion. Only seven others have been authorized for construction.

Those nearing completion are the Brownell in Otoe County; upper Salt-Swedeberg in Lancaster and Sand-

ers Counties and the Indian creek in Gage County.

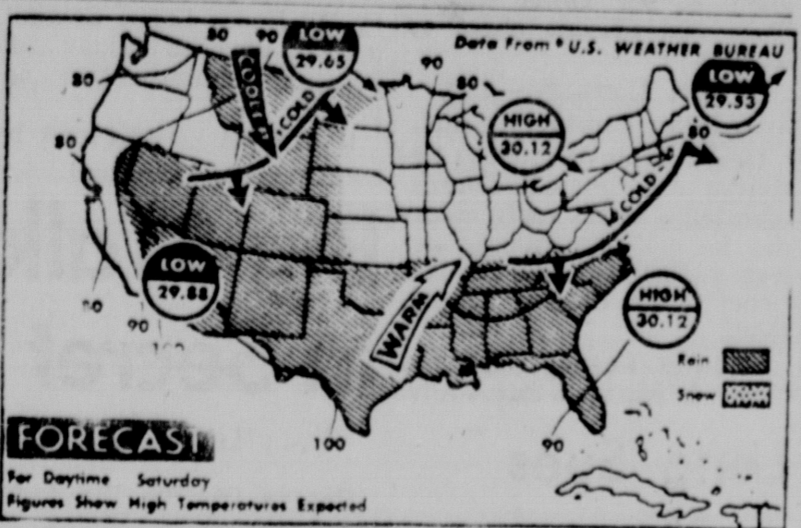

Fairchild noted there has been a recent boom in terrace construction for moisture conservation in the Panhandle area of the state.

He also praised the range management in the Sandhills and pegged it as the best

anywhere.

If it wasn't, he said, there would be nothing but barren sandhills there.

The importance of the state's role in conservation was recognized for the first time by the 1959 legislature, he said, when appropriations were increased.

## Showery Weekend Seen For Many Areas

Scattered showers and thundershowers again are expected Saturday from the Carolinas and Florida through the Gulf states and Tennessee Valley. Moderate to heavy rain is forecast for parts of Texas and Louisiana with thundershowers in the northern Plains and part of the south and central Plains. Isolated thundershowers are expected to develop in Rocky Mountain states and the Sierra Range. (AP Wirephoto Map)

## Phelps County Chosen To Test Stroke Rehabilitation Program

Holdrege, Neb. (U) — The Nebraska Heart Assn. has selected Phelps County to test the practicality of a stroke rehabilitation program in Nebraska.

The program would establish a short course for the stroke victim and his family to become familiar with the patient's condition and possible recovery.

As outlined by Heart Field Director Phil Sheehan the rehabilitation program has been endorsed by the Phelps County Heart Council and local medical association.

Tentatively the program will take place here in late October or early November, contingent on final approval of the county medical society.

Most stroke patients and their families in the county will be notified by the NHA and encouraged to attend the conference.

The public education committee chairman for the NHA, Dr. Richard L. Egan, will be

responsible for the program. Dr. Egan is dean of the Creighton University Medical School at Omaha.

State specialists will head the training classes, a local physician participating in the medical care instruction. Sheehan feels the proposed project is significant because of the rising incidence of strokes and the relative lack of facilities throughout the state.

If the Phelps County course proves successful, the NHA will try similar programs in Scottsbluff, then Omaha and Lincoln, Sheehan said.

The course will cover patient and family psychology, special therapy and manual dexterity training.

Wamsley Trial Set For Aug. 10

North Platte, Neb. (UPI) — The rape trial of Patrick Wamsley, 20, North Platte, has been tentatively set for Aug. 10, authorities said.

Notices to special jurors were to be sent this week. The trial was postponed earlier because of the illness of the victim, a 15-year-old girl.

Wamsley is accused of being one of 5 youths involved in a gang attack April 3.

## Malcolm Church 75th Anniversary Planned Sunday

Lincoln Star Special

Malcolm, Neb.—Special ceremonies Sunday will mark the 75th anniversary of the Malcolm Methodist Church.

Sunday school is scheduled for 10 a.m. with church services set for 10:45 a.m.

A fellowship dinner will be held at noon followed by a special program at 1:30 p.m. A number of former ministers and members are expected to attend.

## Voters Had No Choice, Says Benson

Washington (U)—Secretary of Agriculture Ezra Taft Benson said Friday it is exceedingly regrettable that wheat farmers did not have a better choice in Thursday's wheat referendum.

They voted to continue the present program under which huge surpluses have piled up.

"This means," Benson said, "that many farmers will soon begin planting wheat under the thoroughly discredited program which has already cost several billion dollars and which has seen the buildup of costly, burdensome surpluses."

Unofficial returns show that 160,718 wheat farmers voted to continue the present program for 1960 while 38,522 were opposed. Thus, 80.7% of those voting favored continuation of the program. This is far above the two-thirds majority required.

Wheat farmers next year will continue to receive 75% of parity price supports on a national acreage allotment of 55 million acres. Wheat supplies are at record highs. The 1959 crop is expected to add to these surpluses.

## Ernest Sjogren, Longtime REA Leader, Is Dead

Holdrege, Neb. (U) — Funeral services will be held Monday at Friedham Lutheran Church in Funk for Ernest V. Sjogren, 62, long-time REA leader.

Sjogren died in a Holdrege hospital after a short illness.

Sjogren was a former president of the Nebraska Rural Electric Association and had served as president of the Southern Nebraska Rural Public Power District since it began operation in 1937.

He had served continually on state and national power program boards in some capacity since the beginning of REA.

He represented the station in the National Rural Electric Cooperative Assn. for 4 years and was a member of its national executive board.

Survivors are Sjogren's widow and two sons.

Heidemann Will Stay In Seward

Seward, Neb. (U) — The Rev. L. W. Heidemann of Seward has declined a call to be president of St. John's College in Winfield, Kan.

St. John's is a junior college with an enrollment of 300 operated by the Lutheran Church-Missouri Synod.

The Rev. Mr. Heidemann has been pastor of St. John's Lutheran Church in Seward for two years. He was graduated from St. John's College.

## Steen Again Advocates Curtis Drop 'Land Give-Away' Bill

Game Director Mel Steen Friday advised Sen. Carl Curtis (R-Neb.) to drop the Harlan land bill, or as Steen put it, "unloosen your grip on the tail of this unchancy bear before it drags you deeper into the wilderness."

Steen sent a letter to Curtis in which he reaffirmed his determination to fight Curtis' bill, which would provide for the return to private ownership of 30,000 acres of land around Harlan County reservoir.

He told Curtis he will fight the bill as he did a similar one introduced last year by Sen. Roman L. Hruska which didn't get out of committee.

"Your 1959 bill (\$2393) lists Hruska as co-sponsor. Would you have us believe that he failed to tell you of our outspoken opposition? Just how much patience do you think we should have?" Steen asked.

"I agree that I should have known better than to call your measure a 'land-grab bill.' Anyone who reads it will likely agree to that. I believe it is far better described as a 'land give-away bill,'" Steen said.

The newspaper, published by Harry Strunk, said it wants to know how much revenue has been taken off the state-owned farm land adjacent to the reservoirs in southwestern Nebraska.

The newspaper said it had repeatedly asked Steen and other elected officials for such an audit, with no success. It said it would continue to run a front-page box urging the audit until it gets a reply.

## Bartlett Banker Clifford Bishop Waives Hearing

Omaha (U) — Clifford Leroy Bishop, president and director of the defunct Bartlett, Neb., State Bank, waived preliminary hearing Friday on federal charges involving alleged shortages at the bank.

A hearing for Robert Merlyn Martin, vice president and cashier, was set for Aug. 12. Both are free on bonds of \$2,500.

L. S. (Bob) Cornett, Omaha professional bondsman, posted the bond for Martin.

The two appeared voluntarily before U.S. Commissioner A. Z. Donato.

Assistant U.S. Attorney Dean W. Wallace has said there is now a known shortage of more than \$173,000 in the funds of the Bartlett bank which closed May 14 during a State Banking Department investigation.

High Resigns

# Stock Market Shows Equal Gains, Losses

New York (AP)—Late profit-taking rubbed out some early gains and left the stock market mixed today.

A smattering of specially situated issues still managed to rack up smart gains. Otherwise gains and losses generally canceled out each other.

Brokers blamed the afternoon price erosion on normal preweekend profit taking and investor caution prompted by recent sharp market advances.

Gain, trading activity dwindled when prices skidded. Transactions totaled 720,000 shares, down from 3,310,000 Thursday.

Rubbers, electronics, metals, chemicals, oils, tinamones and railroads were mixed. Most motors retreated after barring above earlier this week.

The Associated Press average of 49 stocks dipped 10 cents to \$21.80, down from 10 cents to \$21.80, down from 10 cents to \$21.80.

Of the 121 issues traded, 525 advanced and 483 fell. New highs for 1927 were hit by 63 stocks and new lows by 8 stocks.

The Dow Jones industrial index slipped 0.6 to 62.72.

Eight of the 15 most active issues gained ground. Six declined and one general bond ended unchanged.

Slow bond dealers, U.S. government issues, and higher value corporates closed mixed.

Bond sales totaled \$5,000,000 per value.

# City Natural Gas Rate Hike in Wind

An increase in Lincoln's natural gas rates will be requested by the Central Electric and Gas Company when increased wholesale rates of its supplier become effective—probably on Dec. 27.

H. A. Thorson, district manager, said Friday that the company "would definitely have to ask the City Council for a rate increase to cover any increase in wholesale rates."

Northern Natural Gas Co., which supplies gas to Central, has requested additional revenue of \$10.7 million, of which \$1,006,192 would apply to Central, in its 8th application before the Federal Power Commission.

**Tentatively Effective**  
Because of the large backlog of pending cases before the Commission, Northern's 8th application for an increase will probably become effective Dec. 27 under refunding bond, it was pointed out.

At that time, Northern would be collecting \$25 million annually subject to refund units its 6th, 7th, and 8th rate applications unless

the two earlier ones are disposed of by the Commission before then.

Central was granted a local rate increase amounting to about 6% by the Council last November in connection with Northern's 7th rate application increase.

**Reasonable**  
Thorson said Central and other distributors purchasing gas from Northern are again working through their rate defense organization in a joint effort to limit any rate increase to a reasonable level.

The Central official said that some towns may intervene before the federal commission in protest to Northern's latest rate application.

Central supplies Lincoln and 44 other Nebraska and South Dakota cities and towns.

## Eat And See

Pine Brook, N.J. (AP)—Bargain rates in dining are a new attraction offered to theater patrons here. A night-out package has been developed in which showgoers can have a pre-play dinner at one of several restaurants at a combined minimum of \$4.95.

## CARMICHAEL

The Sunday Journal and Star delivered at your door is full of interesting and timely features. You'll like the sports section too.

## Probation Given To Lincoln Boy, 15, In Speedy Chase

The 15-year-old Lincoln boy who led police for a 96-block chase early the morning of July 17 was found delinquent and placed on probation Friday by Juvenile Court Judge Harry Ankeny.

The boy, his parents and their minister all appeared at a court hearing which lasted for about 90 minutes.

Judge Ankeny said the evidence presented showed the boy has an "excellent" scholastic and citizenship record at Southeast High School and that he has a "good home and good parents." In view of these factors, he said, he was placing the boy on probation rather than commit him to the Kearney Boys Training School.

The boys' parents testified that he had never been a disciplinary problem.

The boy will report once each week to the County Juvenile Probation Office until late August at which time his family is moving to Omaha. In Omaha his probation will be supervised by Mrs. Jane McGoggin, a supervisor for the Immanuel Deaconess Institute there.

But the court here will still retain control of the boy until he is released from probation. The probation is for an

indefinite period.  
The boy told police he had 4 beers to drink the night of July 16 and then early the next morning he borrowed a friend's car. He drove by his home about 3 a.m. and his father, seeing him, got in the family car and attempted to halt the car his son was driving.

Both the father and son violated a red light at 13th and South and a police cruiser took in pursuit of both of them. The father pulled his car off to the curb but the boy took off at high speed and the chase was on.

He was finally halted by another cruiser at 62nd and Cornhusker after violating several stop signals and running a red light at 10th and O at 85 m.p.h.

The boy said he "panicked" when he saw the cruiser and said he believed the beer he had to drink was responsible for his actions. He said in court that was the first occasion on which he had drunk beer with a group of boys.

## Quiet 67th

Bayonne, France (UPI)—Emperor Haile Selassie of Ethiopia celebrated his 67th birthday anniversary by going on quiet ride.

## Civil Air Board OK's Guaranty Of Frontier Loan

The Civil Aeronautics Board has approved guaranty of a \$2,500,000 loan to Frontier Airlines, a Lincoln spokesman for Frontier said Friday.

Proceeds of the loan will complete Frontier's negotiations with United Air Lines to buy 5 twin-engine radar Convair 340 airplanes along with necessary spare parts. Radar Convair flights began in Nebraska on July 1, along the central route through Scottsbluff, North Platte, Grand Island and Lincoln.

## LEGION POST RAPS USE OF COLISEUM BY CHURCH GROUP

Marshalltown, Ia. (AP)—A protest has been registered by Post 46 of the American Legion against the scheduled use of the Marshalltown Coliseum by a circuit assembly Aug. 21-23.

Post Commander E. C. Porter said "the resolution of protest is presented because the coliseum was built in memory of soldiers who have died in defense of their country." Porter said the Legionnaires do not believe in saluting the American flag.

## C&NW Files Formal Protest Of 1959 Tax Assessment

The State Board of Equalization Friday formally received a complaint from the Chicago and Northwestern Railroad protesting the assessed valuation set on the railroad July 15 by the Board.

A hearing on the complaint will be held Tuesday morning at 9:30 in the Governor's Hearing Room at the Capitol.

The Union Pacific and Burlington Railroads still are considering filing protests against the 1959 valuations set by the Board.

**New Formula**  
State Tax Commissioner Fred Herrington had proposed using a new formula for railroad assessments this year which would have produced a \$26 million reduction in railroad assessments, but the Board voted 2-1 to use the old formula which resulted in an increase of more than \$2 million.

Pullman cars (which are taxed otherwise) were mistakenly included in the original figures, Houtchens said.

**Revised Figures**  
Under the revised figures, the total assessed valuation of the 6 major railroads is \$135,129,916 this year, compared with \$132,995,027 last year, an increase of \$2,134,889.

The percentage increase for each of the railroads is: Union Pacific, 3.18; Chicago and Northwestern, 7.70; Illinois Central, 2.45; Missouri Pacific, 6.49.

The Burlington will have a reduction of 1.08% under last year, and the Rock Island would be reduced 5.56%.

## Goods Worth \$200 Taken From Office

Household goods valued at about \$200 were reported stolen in a burglary late Thursday night or early Friday morning at the Tower Trailer Sales and Service office on Rt. 6.

The items taken included a refrigerator, two television sets, a purse, leather goods and a radio-phonograph combination.

## Journal and Star

### Want Ads

Your low-cost Want Ad appears daily in the Lincoln Star (Mornings) and the Lincoln Journal (Evenings) for the Sunday Journal and Star at the following rates:

| Words | 1    | 2    | 3    | 4    | 5    | 6    | 7    | 8    | 9    | 10   |
|-------|------|------|------|------|------|------|------|------|------|------|
| 1-10  | 1.00 | 1.00 | 1.00 | 1.00 | 1.00 | 1.00 | 1.00 | 1.00 | 1.00 | 1.00 |
| 11-15 | 1.10 | 1.10 | 1.10 | 1.10 | 1.10 | 1.10 | 1.10 | 1.10 | 1.10 | 1.10 |

## Butler Talks With Johnson, Rayburn At Capitol

... All Is Harmonious

Washington (UPI)—Democratic National Chairman Paul M. Butler held an hour-long peace conference Friday with the Democrats' two top leaders in Congress. They agreed no one was trying to split the party.

Butler, who has been somewhat critical of the congressional leadership, sought the meeting with Speaker Sam Rayburn and Senate Democratic leader Lyndon B. Johnson in Rayburn's Capitol office.

Rayburn said afterwards that the conversation was "very friendly."

"We agreed that no one of the 3 of us is trying to be divisive," he added. "It matters not what other interpre-

tation others may put on it."

It was the first meeting between Butler and the two Texans since he recently complained on a television program that many Democrats are unhappy because the congressional leaders were steering too moderate a course in Congress.

The complaint provoked an uproar in Democratic circles. Some congressmen accused Butler of seeking to divide

the party and of providing ammunition for the GOP. There also were demands that he resign.

Rayburn told newsmen that Butler assured the congressional leaders "he meant what he said" when he also said Democrats will write a strong, progressive legislative record by the time the 86th Congress ends next year.

Asked if he believed the leadership in Congress was representative of the party, Butler replied "No question about it."

Asked if he were satisfied with Butler as national chairman, Rayburn commented that he has said nothing about removing Butler.

"Nor have I," said Johnson quickly.

## Toothless Young Escapee Sought

A 22-year-old Men's Reformatory inmate whom police broadcasts describe as being toothless and wearing blue work clothes walked away from a work detail Friday morning.

Being sought is James E. Poppert, who was sentenced to the institution from Grand Island on a check charge.

## Mother, 5 Kids Escape Explosion

Omaha (AP)—A mother rushed 5 children to safety Friday minutes before a gas explosion in their Omaha housing authority apartment.

Mrs. Irene Jackson said her son, Jack, 15, was playing with the meter when a part dropped out and the meter started hissing.

The mother said she smelled gas and sent the boy outside. They went upstairs to get Henry, 14, Kenneth, 12, Lloyd, 11 and Rodney, 9.

Shortly afterwards the refrigerator or water heater went on and exploded the gas, investigators said. The apartment and contents was considerably damaged.

## Smoke—No Fire

## Mom, Dad Better Brace For Johnny's Space Spiel

Ten years ago when Johnny came home from school and enumerated the day's happenings, mom and dad understood perfectly what he said.

Just a quarter of a century before, they, too, had studied the 3 R's. However, parents, Johnny may have something to tell you about which you Miss Link know next to nothing, and yet it is of vital importance.

Space, missiles and air travel of all types are becoming a part of everyday life and many elementary school systems throughout the United States are integrating a so-called "aero-space education" in the curriculum.

## Discusses Course

Miss Marilyn Link, former University of Nebraska faculty member in the department of elementary education, and formerly with the State Department of Aeronautics disclosed the new course.

Miss Link spoke Friday

morning to elementary teachers who just completed teaching a 6-week summer school session of 4th, 5th and 6th graders at Park School. It was part to an aero-space seminar at the University of Nebraska. She emphasized the importance of bringing space closer to the general public.

She said children in school are an excellent way to inform the parents.

"If we could do more toward bringing these people in science and engineering together with parents and teachers, the subject would be more meaningful."

Miss Link, now an administrative assistant for a large scientific industry emphasized the importance of an exchange program between teachers and industries in the future.

"Companies are seeing more and more the importance of working with educators. Our country and the entire world needs to be better educated."

The enthusiasm of children for space age subjects was noted at the seminar.

## Husker Alum Mag Names New Editor

Dick L. Coffey of Lincoln, associate editor of both the Nebraska Farmer and Colorado Rancher and Farmer, has been named editor of the Nebraska Alumni

magazine, the monthly magazine of the University of Nebraska Alumni Association, effective Aug. 1.

Arnold Magnuson, executive secretary of the Association, made the announcement. Coffey, a 1951 graduate of Rushville High School and a 1955 graduate of the university, will succeed Miss Sally Adams of Aurora. Miss Adams resigned earlier to accept a similar position at Washington State College.

Coffey has been a staff member of the Nebraska Farmer since 1955 and worked during the summer of 1953 at the Alliance Daily Times-Herald. While a student at the university, he was feature editor of the student newspaper, and a member of Nebraska University Council of World Affairs, YMCA, and Young Republicans.

A native of Rushville, he is the son of Mr. and Mrs. W. D. Coffey.

## White Bull Bound Over On Murder

Alliance, Neb. (AP)—Levi White Bull was bound over to District Court Friday to face charges including two counts of first degree murder.

White Bull, 52, is accused of the fatal stabbing of Peter White Crane Walking, 21. Besides the murder charges White Bull faces two counts of felonious assault.

White Bull was ordered held without bond by County Judge Edgar M. Marlow.

Witnesses at the preliminary hearing included Harold White Crane Walking, a brother of the dead man; Evelyn White Woman, who lived at the White Crane Walking residence; Alliance Police Chief D. A. Thomas; City Engineer Roger Andrews, and Dr. A. G. Burnham.

The state contends that White Bull attempted to burn down the house in which the White Crane Walkings lived and the fatal cutting followed.

## Sheriff Probes

## 2 Firth Burglaries

Two burglaries at Firth are being investigated by the Sheriff's office.

The Harms Lumber Co. was broken into and cash and 6 watches, valued at about \$85 was stolen.

About \$25 was reported stolen in a break-in at the Wismer Service Station. Both incidents are believed to have occurred late Thursday night or early Friday morning.

## Now... Kill Crab Grass Quickly...

SEE ORTHO REPRESENTATIVE IN GOLD'S GARDEN SHOP SATURDAY.

NEW, POTENT, ORTHO Liquid Crab grass Killer proved far superior to previous crab grass controls.

Quarts. .... 3.98

- WORKS FAST. As few as two sprays 5 to 7 days apart, give quick control of crab grass seedlings and immature plants.
- WON'T KILL TURF. Won't kill ordinarily used lawn grasses when adequate soil moisture is maintained and other conditions are followed.
- EASY TO APPLY. Simply use an ORTHO Sprayette attached to your hose, or a tank type sprayer, or sprinkling can.
